## JINGLE OF THE COIN YESTERDAY

IT WAS PAY DAY IN TONOPAH AND MILLERS, AND MONEY CHANGED HANDS.

Everybody was smiling in Tonopah yesterday, and the jingle of the coin was in their pockets.

It was pay day in Tonopah and Millers and the amount earned during the month was several hundred thousands, which was passed out in coin of the realm. The clerks in the banks and the various resorts which cashed the checks of the miners were busy men, and yet this is nothing new for Tonopah, for she is one of the few cities in the whole United States that was not compelled to go on a clearing house certificate basis. Her mines are producing the metal and her employees receive in return that product with the federal government stamp.

## PERSONAL MENTION

Ed Hakey has gone to Reno. Charles Kirchen came in from Tybo yesterday.

W. V. Richardson went to Goldfield yesterday.

## TYBO MINES ONLY AWAIT RAILROAD

GENERAL MANAGER KIRCHEN SAYS MINES HAVE VAST AMOUNT OF METAL.

Charles Kirchen, general manager of the Nevada Smelting and Mines corporation, came in yesterday from the company's properties at Tybo and Reville.

"We have been doing an extensive amount of development work," said Mr. Kirchen, "and have proven the mines to be valuable ones, capable of producing a very large tonnage of ore. It has been the policy of our company to develop and determine the extent of the ore bodies, and in that search have opened a tonnage sufficient to warrant the construction of a railway from that district to Tonopah. Engineers have been over the route and surveys have been made showing it a very feasible proposition, for an easy grade can be maintained the entire distance. At the Tybo mine we have an immense amount of ore which without railroad facilities would not pay us to market. Developments on the property have shown it to be one of exceptional value, but owing to its isolated position it is deemed advisable to close down the workings until the advent of the railway, which is understood will be in the very near future. The principal workings at the present time at Tybo are on the 300 and 400 foot levels. These levels we have opened up for a considerable distance on the vein. As an illustration on the 300 we have exposed the ledge for a distance of 2,800 feet, and still have ore in both faces.

"This mine was worked in 1875 by the old Tybo mining company, which at that time operated a smelter on the ground, using charcoal for fuel. As is well known, most of the veins in the State run into sulphide, and it was the encountering of these sulphides that caused the owners to close down the mine in the '80s. At that time metallurgy had not advanced sufficiently to treat ores of this character, and when the oxidized zone was worked out it was impossible to do further work. About 110,000 tons of ore as treated by the old company with a net yield of over \$1,000,000.

"Since the present owners have taken hold they have encountered rich ore which would pay to handle even with the present freight charges against them. The last settlement, on July 8, 1908, shows the rich character of the ore. Twenty tons gave a return of \$1,632.96 after all smelter deductions, an average per ton of \$82.60 net. On the dumps are several thousand tons of ore that will average better than \$30 per ton.

"A statement in one of the State papers that the mine was forced to close on account of the financial stringency over the country is an error, as the company is in absolutely excellent condition financially and have closed down only to await a market for its product."

Mr. Kirchen will leave for the mines some time next week.

## CASE COMES UP TODAY.

Assistant District Attorney Ailing having returned from Rhyolite, the case of E. W. Smith, charged with malicious mischief in rescuing his dog from the clutches of the dog catcher, will be called before Judge Briceall this afternoon at 3 o'clock. It will be a jury trial.

## LEAGUE SEASON OPENS SUNDAY

GAME TO BE PLAYED IN TONOPAH AND MILLERS.

The league season will open Sunday with the Tonopah Mining crossing bats with the Montana-Tonopah team on the local diamond, and the Eagles-Elks in combat with the Millers at Millers.

The league starts out in a very promising manner. The president, Mr. James Morris, is a fan of long standing and a man of executive ability, and A. H. Russell, the secretary, has long been identified with the sport. James Kelly, one of the umpires, has a national reputation, and his decisions will seldom be questioned. The baseball enthusiasts will be given an opportunity of having their appetite gratified to its fullest extent. By consulting the appended schedule it will be observed that three dates, August 2d, August 30th and September 27th have been completed.

Paste this schedule in your hat.

## BAND CONCERT SUNDAY NIGHT

The Tonopah brass band will give the first of a series of free band concerts Sunday evening at 8 o'clock in the veranda of the Palace Hotel. The musicians are to be commended for their move in this direction, as it is a source of delight and amusement for the people of our city. The program will be full of catchy airs and selections from the latest operas.

## DUNSMUIR MAY SELL COAL MINES

VICTORIA, B. C., July 10.—Negotiations are in progress for the transfer of the extensive coal interests on Vancouver Island, owned by James Dunsmuir to a syndicate of New York capitalists, of whom Luke Wigbert is one. The amount involved in the deal is upward of \$5,000,000. Dunsmuir has signified a willingness to sell out, and only the question of terms remains to be settled.

The Wellington collieries, which Dunsmuir controls, embrace large shipping mines near Ladysmith and Cumberland, where a majority of the vessels plying on the Coast fill their bunkers.

It is understood that the acquisition by the syndicate will lead to a cut in the price of bunker coal and an increase in the trade with San Francisco by meeting competition from Australia.

## CLEVE BAKER IS AN ENCYCLOPEDIA

ENDEAVORS TO LOCATE VICE-PRESIDENTIAL NOMINEE KERN.

Again is Cleve Baker in the list of human encyclopaedias.

Every Democrat in town had the question put to him: "Who is this man Kern?" and invariably a look of blankness followed. But not so with the aspirant for the position of district attorney. Said Cleve:

"You know I was born in Eureka, next door to George Bartlett, whose father had his house burn down the same time that the wife of a man named Kern gave birth to a baby, but it couldn't be him, for this man is supposed to be 69 years old. Then I moved to California, and there is a Kern County down there named after a fellow Kern, but he came around the Horn from New England. You see, I have been up against a good many kinds of Kerns in my time, for there is the Kearns No. 1 and No. 2, in Rawhide, and they are daisies, at least my brother-in-law, Dr. Grissim says so, and he knows. But this Vice-Presidential candidate has a missing 'a' in his name, and I hope that that is no sign that he will be missing in November. I had a map once of Indiana, and I've heard of some of the politicians of that State. Now, there is Dan Voorhees; they called him the Tall Sycamore of the Wabash. There was a Democrat for you. He could talk right over the heads of the people. But this man Kern—I think I have got him located. I imagine he must be from the natural gas belt in Hoopoo township, Posey County. There is where they turn them out all primed and ready for action. However, to make sure of it, I will just get a long distance hold on Henry Bartlett, in Round Mountain. He knows everything. Listen:

"Hello, Henry. Who is this man Kern, on with Bryan?"

"What's that?"

"Henry, who is this man Kern, the tall of Bryan's kite?"

"Kern flying a kite." Yes, a fellow was working a lease on the Daisy and he could fly some, but he landed in the pond finally. So long."

And the question still remains unanswered, "Who is Kern?"

## RECORD BREAKER AT BUTLER THEATRE

The Butler Theater program, which was changed again last evening, was witnessed by about the largest crowds of the season. Even standing room was at a premium.

The first film, containing Swedish Sports, is one with much beautiful scenery, as well as the way the people in that far-off country enjoy themselves. "Dreamland Adventures" is a view of a child's dream, which is very instructive as well as amusing. "Too Late" is a ballad of high-class, and was rendered very beautifully by Miss Emmett. "Unlucky Horseshoe" is a view of the finder of a horseshoe who, believing in the good-luck theme, picks it up. Instead it acts with just the reverse effect, and he throws it away. It is picked up again and again, only to bring mishaps to the finder. The singing and dancing of the popular little colored girl, Baby Hackley, was more of a hit last night than ever. She had to respond to several encores. "The Village Witch" is a view of the superstition with which a harmless young lady is viewed. She tries to explain, but all to no avail. "Farmers Making Bread" is a view of the French peasants engaged in making "the staff of life." It is a very instructive view. "Among the Valleys of New England" is a beautiful illustrated song, and is rendered very sweetly by Miss Emmett. "Spanish Views on Post Cards" are separate views of Spain and her customs. They are all very beautiful. "Enchanted Glasses" is a beautiful hand-painted view of the magic art. The performance is one of the best ever given, and the management deserves praise for securing such good films. W. H. Barbour, who has charge of the machine, certainly endeavors to do his best, and as the pictures please every one, there is no doubt of his ability as an operator.

## SERIOUS CHARGE AGAINST CHAFFEUR

OPENED LETTER AND ABSTRACTED MONEY THEREFROM.

Ole Blumberg, a chauffeur well known in southern Nevada, was yesterday apprehended at Hazen on receipt of a message from Chief of Police Malley, of this city. Blumberg is charged with having opened a letter which was mailed from Manhattan and addressed to D. C. McCarthy, he having abstracted \$15 therefrom. An officer will be sent to the north this morning to return with the prisoner.

It is alleged that this is not Blumberg's first offense, but friends coming to his rescue, he has been allowed to escape prosecution.

## CHILD CRIME IS ON THE INCREASE

NEW YORK, July 10.—In a report just made public, Police Commissioner Bingham announced that during the last three months members of the detective bureau made 1814 felony arrests, 1591 arrests for misdemeanors and 710 arrests of suspicious persons. During the three months 608 persons were convicted of felonies and 904 of misdemeanors, and seventy-four held as suspicious persons by members of the detective bureau.

According to the report, the increase in crime among the children of the greater city is alarming. So far this year 2860 children under 18 years have been arrested, against 1725 last year. The number of boys and girls from 16 to 20 years reached the total last year of 2319, while so far this year 6133 have been arrested.

## MRS. WILSON IMPROVING.

A message from Salt Lake to Ed Wilson, from his daughter, states that Mrs. Wilson had undergone an operation for her eyes which was performed by the eminent oculist D. Moore Lindsay, and was very successful. Mrs. Wilson is in good spirits and the treatment afforded her furnishes great relief.
